

CONNECTING ↔ SUPPORTING ↔ SECURING

LINK is a South Florida-based, charitable non-profit organization, dedicated to promoting and facilitating volunteerism and philanthropy within local communities across the Americas.

OUR MISSION

TO CONNECT THE NEEDED
WITH THOSE IN NEED.

WHO WE SERVE

LINK serves two distinct yet complementary constituencies:

- *Individuals* desiring to contribute their talent, time and treasure.
- *Organizations* needing resources and assistance to further their own missions.

OUR ORGANIZATIONAL OBJECTIVES

- To foster a culture of volunteerism and philanthropy across the Americas and, particularly, within Unites States' emerging Hispanic / Latino community;
- To seek solutions that effectively address key areas of concern to the organization, namely: *Youth, Healthcare and Environment*. LINK also supports others working to advance those causes;
- To be innovative, entrepreneurial and self-funding, by connecting with numerous suppliers to develop and distribute exclusive fundraising products related to our key areas of concern; and,
- To evolve the Non-Profit Network Outsourcing model – an approach specifically designed to engage local communities and provide assistance to small and medium-sized non-profit organizations.
